Roland TR-08
Quick-Start Guide

serato DJ Pro

Setup

Serato Software

The Roland TR-08 is a "Serato DJ Pro official accessory", meaning it works with Serato DJ Pro out of the box, but requires additional primary hardware connected, that falls under the Serato DJ Pro hardware unlocked or Paid upgrade to Serato DJ Pro categories.

NOTE: The TR-08 ,when used with Serato DJ Pro, is not compatible with other Serato compatible devices, that use a TR drum machine, such as the Roland DJ-202, DJ-505, or DJ-808 - and cannot be used in conjunction with other TR accessories.

Please ensure you have the latest version of Serato DJ Pro installed:
Click here to download Serato DJ Pro.

Please note that this Quick Start Guide focuses on all Serato DJ Pro features and functions for this device. For a more comprehensive guide refer to the Roland User Guide available on Roland's website here.
Driver Software

The Roland TR-08 requires manufacturer specific drivers on Mac and Windows operating systems. You can find the driver software on Roland's website here.
TR Connection

1. Install Drivers & latest Firmware for your TR device as per the Driver Software section above.
2. Ensure your Serato primary hardware & TR device are connected via USB. Ensure the audio outputs on your TR device are connected to a mixer or controller audio input, or separate speakers.
   NOTE: Audio is not output via the USB connection of your TR device.
3. Launch the latest version of Serato DJ Pro, load tracks to your virtual decks, and enable sync.
4. Hold the MENU/SUB STEP button on the TR-08 and turn the FINE/VALUE knob to the right to engage Sync (turn it left while holding MENU/SUB STEP button to disengage Sync). Observe the decimal point in the BPM LED display flashing to indicate sync is successful.
5. Use the 'Start/Stop' control on the TR-08 to trigger your sequence.
   TIP: Use the MIDI Clock Delay Compensation feature to adjust timing if the beat sequeunce is slightly off-beat via: **Setup --> Audio --> MIDI Clock Delay Compensation --> Manual**
