

Reloop
Ready
Quick-Start Guide

Setup

Serato Software

The Reloop Ready is a “Serato DJ Lite hardware unlocked” device, meaning it works with Serato DJ Lite out of the box.

It is also a “paid upgrade to Serato DJ Pro device”, meaning it requires the purchase & activation of a Serato DJ Pro license, in order to be used with Serato DJ Pro.

You can also trial Serato DJ Pro, for up to 14-days.

Please ensure you have the latest version of Serato DJ Lite installed:

[Click here to download Serato DJ Lite](#)

Driver Software

The Reloop Ready does not require manufacturer specific drivers on Mac computers. Windows computers require a device driver to be installed. This can be downloaded from Reloop’s website [here](#).

Performance Pads

The Reloop Ready can make use of 4 performance pads in Serato DJ Lite. These pads can be used across 4 different performance pad modes. Pads 5 - 8 are assigned to transport controls. These consist of:

HOT CUE mode: Hold the **MODE** button and press **PAD 1** to select HOT CUE mode. In this mode pads 1-4 trigger Serato DJ Lite Cue points, and if no Cue point is present on that slot/pad, pressing that pad will set a Cue point. Holding down the **SHIFT** button while pressing a pad will delete the Cue point from the respective pad/slot.

AUTO LOOP mode: Hold the **MODE** button and press **PAD 2** to select AUTO LOOP mode. Pads 1-4 trigger an autoloop of variable sizes. Use the **PARAMETER** buttons to shift the loop left or right.

MANUAL LOOP mode: Hold the **MODE** button and press **PAD 3** to select MANUAL LOOP mode. In this mode, **PAD 1** sets the in point and **PAD 2** sets the out point. **PAD 3** will Enable/Disable the loop and **PAD 4** will trigger Reloop.

SAMPLER mode: Hold the **MODE** button and press **PAD 4** to select SAMPLER mode. Press pads 1-4 in this mode to trigger samples loaded into the Serato DJ Pro Sampler.

PADS 5-8 (In Order): Reverse, Rewind, Fast Forward, Stutter Play.

Help

Show Tooltips

Click on the **Help** button in the upper right-hand corner of Serato DJ Lite, then **Show tooltips** to enable tooltips. Tool tips provide a handy way to learn the various features of Serato DJ Lite.

Move the mouse over a section of the screen to bring up a context sensitive tool tip.

Watch Tutorials

Click on the **Help** button in the upper right-hand corner of Serato DJ Lite, then **Watch tutorials** to launch your default internet browser and watch tutorials, to help you get familiar with Serato DJ Lite.

Get Support

Click on the **Help** button in the upper right-hand corner of Serato DJ Lite, then **Get support** to launch your default internet browser and navigate to the Serato DJ Lite knowledge base, where you can find helpful articles and guides on Serato DJ Lite. Alternatively, type in the **Go** box, with keywords, to search the Serato DJ Lite knowledge base for specific, related topics.
